

# FortiVoice Hotel Management

For use with FortiVoice Enterprise Systems

## Complete hospitality phone integration

Streamlined voice functionality for hotels? Check in with the FortiVoice Hotel Management license for advanced hospitality functionality.

### Your room is ready

Check in/check out, wake-up calls, room condition codes, room status, phone privileges and voicemail management are all under control with FortiVoice Hotel Management. Compatible with a variety of industry-leading property management systems, this license converts any FortiVoice Enterprise phone system into a complete hospitality solution.

### Complete cost control

FortiVoice Hotel Management lets you pay for what you need today, with room for growth when you need it. The base license covers up to 50 extensions, and each additional stackable license adds 25 extensions, up to the maximum capacity of the system.

## Key Features & Benefits

Check in/check out	Easily set room phones on check in with the guest's name as caller ID, dedicated voicemail and privilege-based call control.
Wake-up calls	Guests can set their own wake-up calls and reminders, directly from their phones or by accessing the user portal.
Room condition codes	Staff can set room condition codes from the room phone, including standard housekeeping presets and customizable codes for special conditions.
User portal	Guests can manage their voicemail and customize their own settings without consuming staff resources.

*Add hotel functions to FortiVoice Enterprise telephone systems for complete hospitality deployments*
